SAMSUNG DIGITall
everyone's invited.™

Challenge the Limits of Business Performance

When You Need A "TRUE" Business Class Facsimile System, SAMSUNG Gives You What You Expect! An All Inclusive Product With No Hidden Costs.

■ JUST THE FAX PLEASE!

Simply put, the Msys 6750 is a highly featured stand-alone business class facsimile machine. If all you need is a high performance, highly reliable fax machine, then the Msys 6750 is the right product for you. The Msys 6750 has all the power and performance you need to handle your facsimile applications efficiently.

■ WHEN EASE OF USE IS IMPORTANT

The Msys 6750 has many features that make it easy to use. The **100 Station Auto-Dialer** puts your most frequently needed Fax telephone numbers at your fingertips. The Msys 6750 has the largest Automatic Document Feeder in its class. The **50 Sheet ADF** gives you the versatility and reliability to send multiple documents to anywhere in the world. The Msys 6750's front loading universal **250 Sheet Universal Paper Drawer** has a paper supply window for easy paper monitoring.

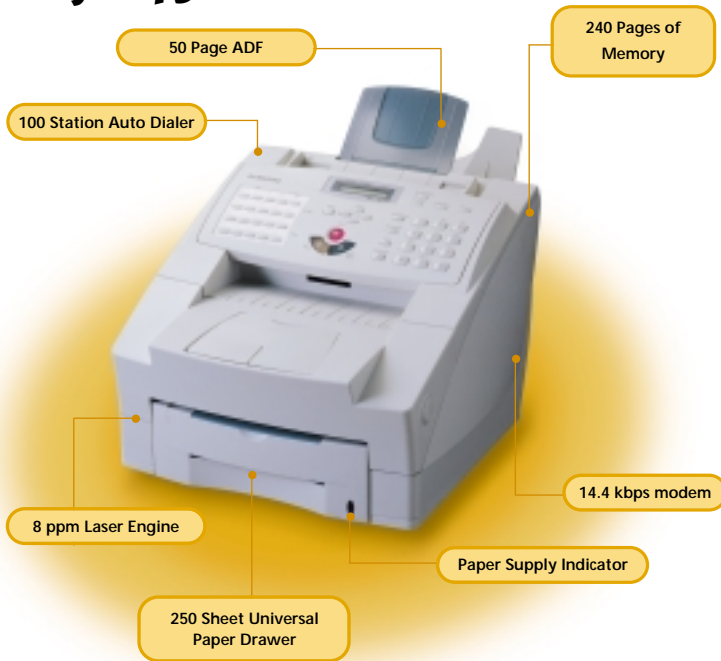

■ INCREASE YOUR OFFICE PRODUCTIVITY

The Msys 6750's fast **14.4kbps Modem** and **8 Page per Minute LASER Engine** allows you to transmit, receive and print faxes at speeds that were only offered on high-end products in the past. With a **3 Second Quick Scan** and **Dual Access**, the Msys 6750 permits you to scan your documents into the machine's large **Memory (240 pages* / 3 Mb)**, while the product is performing other tasks, letting you attend to your busy workday.

Msys 6750

■ SERVICE WITH A SMILE

How would you like to have your machine serviced without the disruption of having a service technician come out to your office?

With the Msys 6750's Remote Diagnostic Control Function, your servicing agent can monitor the smooth operation of your machine without stepping a foot in your office.

■ DESIGNING A PRODUCT WITH THE CUSTOMER IN MIND!

Samsung takes you, the customer, in mind when designing our products. The Msys 6750 utilizes a **One-Piece Toner Cartridge** for easy and clean handling. There is no need to stock multiple supplies with the Msys 6750. To be environmentally conscientious and save you money, the Msys 6750 is equipped with a **Toner and Power Save Mode**. Toner save mode reduces about 30% of toner consumption.

When you need Quality, Performance, and Reliability in an office product, Samsung delivers it all to you in one machine. SAMSUNG is one of world's largest manufacturers of LASER engines. We have been manufacturing and marketing facsimile systems for over 15 years, just not under the SAMSUNG label. Our goal in life is to produce the highest quality products in the industry while keeping YOUR costs in mind. Let us prove to you what other SAMSUNG customers already know. When you buy a SAMSUNG product, you are buying the very best!
